What I learned from Dr. Martin Luther King, Jr. – Help Others

I help my mom at home by playing with my little sister. We watch cartoons together, and I let her sleep in my bed. I am kind to her and let her play with my toys. I help my mom cook. We make eggs and barbecue. I vacuum the rug and pick up the toys.

I am nice to the kids in my class. I do my school work and follow the rules.

When I grow up I want to be a nurse. Sick kids need someone to help them.

That's why I want to be a nurse.
